

Board Meeting  
November 19-20, 2002

Agenda Item  
Attachment 1

To request a Time Extension (TE) or Alternative Diversion Requirement (ADR), please complete and sign this form and return it to your Office of Local Assistance (OLA) representative at the address below, along with any additional information requested by OLA staff. When all documentation has been received, your OLA representative will work with you to prepare for your appearance before the Board. If you have any questions about this process, please call (916) 341-6199 to be connected to your OLA representative.

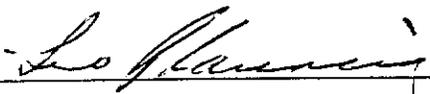

Mail completed documents to:

California Integrated Waste Management Board  
Office of Local Assistance, (MS 25)  
1001 I Street  
PO Box 4025  
Sacramento CA 95812-4025

### General Instructions:

For a Time Extension complete Sections I, II, III-A, IV-A, and V.

For an Alternative Diversion Requirement complete Sections I, II, III-B, IV-B and V.

<b>Section I: Jurisdiction Information and Certification</b>			
<i>All respondents must complete this section.</i>			
I certify under penalty of perjury that the information in this document is true and correct to the best of my knowledge, and that I am authorized to make this certification on behalf of:			
Jurisdiction Name Huron		County Fresno County	
Authorized Signature 		Title Public Works Director	
Type/Print Name of Person Signing Leo Placencia	Date 3-7-02	Phone (559) 945-3120	
Person Completing This Form (please print or type) Joe Kalpakoff		Title Mid Valley Disposal, Inc	
Phone (559)237-9425	E-mail Address mvdjjk@cs.com	Fax (559)233-4614	
Mailing Address PO Box 12385	City Fresno	State CA	ZIP Code 93777-2385

### Section II—Cover Sheet

This cover sheet is to be completed for each Time Extension (TE) or Alternative Diversion Requirement (ADR) requested.

#### 1. Eligibility

Has your jurisdiction filed its Source Reduction and Recycling Element, Household Hazardous Waste Element, and Nondisposal Facility Element with the Board (must have been filed by July 1, 1998 if you are requesting an ADR)?

No. If no, stop; not eligible for a TE or ADR.

Yes. If yes, then eligible for a TE or ADR.

#### 2. Specific Request and Length of Request

Please specify the request desired.

Time Extension Request

Specific years requested 3 years *Dec 2004*

Is this a second request?  No  Yes Specific years requested. \_\_\_\_\_  
(Note: Requests for an additional extension will need to address why the jurisdiction's efforts to meet the 50% goal by the end of the first extension were not successful.)

Alternative Diversion Requirement Request (Not allowed for Regional Agencies).

Specific ADR requested \_\_\_\_\_%, for the years \_\_\_\_\_.

Is this a second ADR request?  No  Yes Specific ADR requested \_\_\_\_\_%, for the years \_\_\_\_\_.

(Note: Requests for an additional ADR will need to address why the jurisdiction's efforts to meet 50% by the end of the first ADR period were not successful.)

**Note:** Extensions may be requested anytime by a jurisdiction, but will only be effective in the years from January 1, 2000 to January 1, 2006. An original request for a TE/ADR may be granted for any period up to three years and subsequent requests for TE/ADR may extend the original request or be based on new circumstances but the total number of years for all requests cannot total more than five years or extend beyond January 1, 2006.

**Replaced**

**Section II—Cover Sheet**

**This cover sheet is to be completed for each Time Extension (TE) or Alternative Diversion Requirement (ADR) requested.**

**1. Eligibility**

Has your jurisdiction filed its Source Reduction and Recycling Element, Household Hazardous Waste Element, and Nondisposal Facility Element with the Board (must have been filed by July 1, 1998 if you are requesting an ADR)?

No. If no, stop; not eligible for a TE or ADR.

Yes. If yes, then eligible for a TE or ADR.

(AMENDED)

**2. Specific Request and Length of Request**

Please specify the request desired.

**Time Extension Request**

Specific years requested \_\_\_\_\_

Is this a second request?  No  Yes Specific years requested \_\_\_\_\_

(Note: Requests for an additional extension will need to address why the jurisdiction's efforts to meet the 50% goal by the end of the first extension were not successful.)

**Alternative Diversion Requirement Request (Not allowed for Regional Agencies).**

Specific ADR requested 27% \_\_\_\_\_%, for the years \_\_\_\_\_ though Dec 2004 \_\_\_\_\_.

Is this a second ADR request?  No  Yes Specific ADR requested \_\_\_\_\_%, for the years \_\_\_\_\_

(Note: Requests for an additional ADR will need to address why the jurisdiction's efforts to meet 50% by the end of the first ADR period were not successful.)

**Note:** Extensions may be requested anytime by a jurisdiction, but will only be effective in the years from January 1, 2000 to January 1, 2006. An original request for a TE/ADR may be granted for any period up to three years and subsequent requests for TE/ADR may extend the original request or be based on new circumstances but the total number of years for all requests cannot total more than five years or extend beyond January 1, 2006.

**Section IIIA—TIME EXTENSION**

Within this section, discuss your jurisdiction's progress in implementing diversion programs that were planned to achieve 50%. Provide any additional information that demonstrates "good faith effort." The CIWMB shall determine your jurisdiction's progress in demonstrating "good faith effort" towards complying with AB 939. Note: The answers to each question should be comprehensive and provide specific details regarding the jurisdiction's situation.

Attach additional sheets if necessary—please reference each response to the appropriate cell number (e.g. IIIA-1).

- 1. Why does your jurisdiction need more time to meet the 50% goal? Describe why SRRE selected programs did not achieve 50% diversion. Identify barriers to meeting the 50% goal and briefly indicate how they will be overcome.**

The City of Huron hired a new contractor in March of 2001. The City of Huron was not getting the recycling services it needed to comply with AB939. The cities new contractor implemented the SRRE programs which were not implemented by there last hauler.

The City of Huron is a small rural community located in an aggricualtural sector of Fresno County. Most of its recycling barriers come from this rural-aggricualtural location. The main three barriers are revenues, farm labor, and an increasing and decreasing population during arricualtural seasons. Since our new hauler started they have kept our recycling fees low and our service high. The other two barriers are only going to change with education, and preperation for the aggricualtural seasons. The population doubles twice a year with farm labor. The season lasts for six to eight weeks at a time.

- 2. Why does your jurisdiction need the amount of time requested? Describe any relevant circumstances in the jurisdiction that contribute to the need for a Time Extension.**

Over the past year Mid Valley Disposal has implemented many new recycling programs. These progams need are still new and are being adjusted to increase the seperation of materials. All large generators have been looked at individually and have been given recycling programs to fit there need. Many new programs are being looked at to increase our overall recycling rate.

- 3. Describe your jurisdiction's Good Faith Efforts to implement the programs in its SRRE.**

The city has fulfilled many programs in the SRRE in the past year. The residential curbside recycling program was expanded in March of 2001, the mandatory program has been a huge success. The commercial recycling programs have reached schools and large generators. Also we have expanded the school recycling programs to include classroom commingle.

- 4. Provide any additional relevant information that supports the request.**

The City of Huron has taken big steps in effort to increase the cities recycling rate. The biggest step was contracting with a solid waste and recycling contractor. The city and the contractor are looking at cost effective ways to increase our recycling rate.

Many of our new programs will significantly increase our recycling rate but we still need more time to allow the new contractor to located generators of recyclables materials.

**REPLACED**

(AMENDED)

### Section IIIB—ALTERNATIVE DIVERSION REQUIREMENT

**Within this section, discuss your jurisdiction's progress in implementing diversion programs that were planned to achieve 50%. Provide any additional information that demonstrates "good faith effort." The CIWMB shall determine your jurisdiction's efforts in demonstrating "good faith effort" towards complying with AB 939. Note: The answers to each question should be comprehensive and provide specific details regarding the jurisdiction's situation.**

*Attach additional sheets if necessary—please reference each response to the appropriate cell number (e.g., IIIB-1.).*

**1. Why does your jurisdiction need and Alternative Diversion Requirement? Describe why SRRE selected programs did not achieve 50% diversion. Identify barriers to meeting the 50% goal and briefly indicate how they will be overcome.**

The City of Huron hired a new recycling and solid waste contractor who started in March 2001. The City of Huron was not receiving the recycling services it needed to comply with AB 939. The new recycling contractor implemented the SRRE which had not been done by there last hauler.

Huron is a small rural community located in an agricultural sector of Fresno County. Most of the recycling barriers come from this rural-agriculture location. The three biggest barriers are: low income, fluxuating population, and demographics. Huron's population doubles twice a year durring agriculture seasons. The majority of the new population is low income farm labor. With preparation and re-occurring education we plan on increasing our diversion and our recycling programs.

**2. Why is your jurisdiction requesting an Alternative Diversion Requirement in lieu of a Time Extension?**

Over the past year the city has implemented many new recycling programs. These new programs will increase the city's diversion rate, but the demographics and low income have a large impact on reaching the 50% mark. Also, the city financial well being is generated from the aggricultrual seasons. Durring the season there is an additional 4,000 farm labors who do not have the recycling education or recycling exposure. They not only generate huge amounts of waste, but segregated containers become contaminated due to there lack of education.

**3. Describe your jurisdiction's Good Faith Efforts to implement the programs in its SRRE.**

The city has fullfilled many programs in the SRRE in the past year. The residential curbside programs were expanded in March of 2001 to include 96 gallon green waste and commingle collection (weekly pick up). The commercial generators have expanded recycling programs which include: large agriculture gennrators(source seperation), and school recycling (classroom).

**4. Describe any relevant circumstances in the jurisdiction that contribute to the need for an ADR. Provide any relevant information that supports the request.**

The city and county are working on a waste to orgin dispute. The amount of self hauls are extreamly high for a city located so far from the landfill. We plan on having this resolved by 2004. The cities diversion for 2000 was 1% and to increase that up to 50% in just three years is not a reasonable diversion goal. We have pick diversion programs to stimulate recycling and be cost cautious to the residents.

**Section IV A—PLAN OF CORRECTION**

**A Plan of Correction is required by PRC Section 41820(a)(6)(B). The plan is fundamentally a description of the actions the jurisdiction will take to meet the 50% goal by the expiration of the Time Extension.**

*Attach additional sheets if necessary.*

<b>Residential %</b>		<b>36.7</b>	<b>Non-residential %</b>		<b>63.3</b>
